## Message from the President Betsy Soulé

It is with great pride that I welcome you to the 125th Birthday Celebration of the Weston Friendly Society of the Performing Arts. As the second oldest community theater group in the United States, only one other has reached this amazing milestone before us (The Footlight Club in Jamaica Plain, MA).

From its humble beginnings in 1885 as a church-based group of Westonians performing theatrical pieces in the home of its first president, Horace Sears, The Friendly has grown to a sectarian group of thespians from all over the Greater Boston area who come together for the pleasure of performing in our home in the Horace Sears Auditorium of the Weston Town Hall.

In addition to the crafting of quality musical theater productions, the Friendly is proud of its equally important mission of giving back to the community through donations to local charitable causes. Whether helping feed the hungry, providing services to victims of domestic violence, or helping cancer patients to have a place to die with dignity, the Friendly does its part.

I want to express my deep gratitude to all those involved with the Friendly, past and present, for all they do to make the organization a success. As with any volunteer organization, teamwork is the key. To those who have donated time and energy to Friendly, thank you so much.

Finally, I want to thank you, the audience, for your patronage of the Friendly. Having an audience who laughs at your jokes and applauds for a job well done makes all of the difference. I recognize that you make a choice to support the Friendly when there are many cultural opportunities available to you. Thank you for that support.
